(the “Corporation”)

MANAGEMENT INFORMATION CIRCULAR
(Containing information as at January 6, 2025, unless indicated otherwise)

In this information circular, the masculine gender refers to both women and men and is used without discrimination for the sole purpose of conciseness.

SOLICITATION OF PROXIES

Management of the Corporation solicits proxies to be used at the Annual General Meeting of the shareholders of the Corporation (the “Meeting”) to be held at the time and place and for the purposes set forth in the attached Notice of Meeting and at any adjournment thereof. The cost of this solicitation will be borne by the Corporation. Accordingly, the management of the Corporation has prepared this information circular (the “Circular”) being sent to all shareholders entitled to receive notice of Meeting.

NOTICE AND ACCESS PROCEDURE

The Corporation uses the notice and access provisions (the “**Notice and Access Provisions**”) set out in *Regulation 54-101 respecting Communication with Beneficial Owners of Securities of a Reporting Issuer (“Regulation 54-101”)* and *Regulation 51-102 respecting Continuous Disclosure Obligations (“Regulation 51-102”)* for the distribution of proxy-related materials. In lieu of receiving paper copies of the proxy-related materials, including the Circular, the annual financial statements for the year ended August 31, 2024 and related management’s discussion and analysis (collectively, the “**Meeting Materials**”), the shareholders will receive a notice including information on the date, place and time of the Meeting, as well as information on how they electronically may access to the Meeting Materials (the “**Notice and Access Notification**”).

The Notice and Access Provisions are a set of rules that allow reporting issuers to post electronic versions of proxy-related documents (including management proxy circulars) via the SEDAR+ system and another website, rather than sending paper copies of these documents to the shareholders. Registered shareholders will still receive a Notice of Meeting and a Form of Proxy.

Non-registered shareholders who have not objected to their intermediary disclosing certain ownership information to the Corporation are referred to as “non-objecting beneficial owners” or “NOBOs”. Non-registered shareholders who have objected to their intermediary disclosing certain ownership information to the Corporation are referred to as “opposing beneficial owners” or “OBOs”. The Corporation will send the Notice and Access Notification and a voting instruction form directly to the NOBOs and indirectly to the OBOs, through intermediaries with whom the Corporation will pay the related fees.

Shareholders with questions about the Notice and Access Provisions may contact TSX Trust Company toll-free at 1-888-433-6443 or by e-mail at tsxt-fulfilment@tmx.com. Shareholders may elect to receive a printed copy of the Circular by contacting TSX Trust Company toll-free at 1-888-433-6443 or by e-mail at tsxt-fulfilment@tmx.com. Electronic copies of the Notice of Annual General Meeting, Circular and Form of Proxy are available on the Corporation’s SEDAR+ profile at www.sedarplus.ca and on the Corporation’s website at <https://azimut-exploration.com/investor-hub/agm/>. The Corporation will not use the procedure known as “stratification” in connection with its use of the Notice and Access Provisions. Stratification occurs when a reporting issuer using Notice and Access Provisions provides a printed copy of the Circular to certain shareholders along with the notice package. In relation to the Meeting, all shareholders will receive the required documentation under the Notice and Access Provisions, which will not include a printed copy of the Circular.

You may also request a printed copy of the Circular, Financial Statements or Management’s Discussion and Analysis free of charge during the year following the date of filing of the Circular on SEDAR+ (on or about January 20, 2025). To request printed copies, please send an e-mail to tsxt-fulfilment@tmx.com or call toll-free at 1-888-433-6443.

QUORUM FOR THE TRANSACTION OF BUSINESS

The Corporation's By-Laws provide that the quorum at a meeting of the shareholders of the Corporation shall be constituted by the attendance of shareholders, present in person or represented by proxy, holding at least 5% of the votes attached to the outstanding voting shares.

RIGHT OF REVOCATION OF PROXIES AND APPOINTMENT OF PROXYHOLDER

The persons named in the enclosed form of proxy are officers of the Corporation. A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy. A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the enclosed form of proxy and signing it, or by completing and signing another proper form of proxy.

A shareholder may revoke a proxy at any time by sending an instrument in writing executed by him or, if the shareholder is a company, under its corporate seal or by an officer or attorney thereof duly authorized in writing, and, filed at the office of TSX at the same address and within the same delays as mentioned above, or two (2) business days preceding the date the Meeting resumes if it is adjourned, or remitted to the chairman of such Meeting on the day of the Meeting or any adjournment thereof, if applicable.

EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder's instructions.

In the absence of any indication by the mandator, the proxyholder will exercise the voting right by following the recommendations and voting "for" or "in favor" of each of the proposals submitted in the form of proxy, the Notice of Meeting or the Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

ADVICE TO NON REGISTERED SHAREHOLDERS

The information set forth in this section should be reviewed carefully by the non-registered shareholders. Shareholders who do not hold their shares in their own name (the “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of shares will be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a broker, those shares will, in all likelihood, *not* be registered in the shareholder’s name. Such shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Regulation 54-101 requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (*i.e.*, the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder.

In Canada, the vast majority of brokers now delegate responsibility of obtaining instructions from clients to Broadridge Financial Services Inc. (“BFSI”). BFSI typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to BFSI, or otherwise communicate voting instructions to BFSI (by way of the Internet or telephone, for example). BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a BFSI voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction forms must be returned to BFSI (or instructions respecting the voting of shares must otherwise be communicated to BFSI) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through a broker or other intermediary, please contact your broker or other intermediary of assistance.

According to Regulation 54-101, the Corporation has distributed copies of the Notice of Meeting and the proxy form (collectively, the “Meeting Materials”) to clearing agencies and intermediaries for onward distribution to non-objecting Beneficial Shareholders. The Corporation will pay for the distribution of Meeting Materials to objecting Beneficial Shareholders.

As permitted under Regulation 54-101, the Corporation has used a non-objecting Beneficial Shareholders list to send the Meeting Materials to the non-objecting shareholders whose names appear on that list.

The Meeting Materials were sent to both registered and non-registered owners of the common shares. If you are a non-registered shareholder, and the Corporation or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send the Meeting Materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for i) delivering these materials to you, and ii) executing your proper voting instructions. Please return your voting instructions as specified in the voting instructions form.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or his or her broker’s agent), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares as proxyholder for the registered shareholder by entering his or her own name in the blank space on the proxy form provided to him or her by his or her broker (or his or her broker’s agent) and return it to that broker (or that broker’s agent) in accordance with the broker’s instructions (or the agent’s instructions).

All references to shareholders in this Circular, the enclosed form of proxy and the Notice of Meeting are to the registered shareholders unless specifically stated otherwise.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

The management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of each of the following persons or companies in any matter to be acted upon other than the election of director:

The Board of Directors of the Corporation (the “**Board**”) fixed the close of business on January 6, 2025 as the record date for determining which shareholders shall be entitled to receive notice and to vote at the Meeting, but failure to receive such notice does not deprive a shareholder of his right to vote at the Meeting.

Vanessa Laplante was, between December 18, 2018, and October 15, 2020, a director of Nemaska Lithium Inc. (“**Nemaska**”). Nemaska obtained, on December 23, 2019, an initial order under the *Companies’ Creditors Arrangement Act* (Canada) (the “**CCAA**”) by the Superior Court of Québec. On November 25, 2020, Nemaska completed the exchange of its common shares for common shares of Residual Nemaska Lithium (the “**Nemaska Transaction**”) in accordance with and pursuant to the approval and vesting order of the Superior Court of Québec (Commercial Division) issued on October 15, 2020, in connection with the proceedings under the CCAA. Vanessa Laplante was a director of Nemaska, a reporting issuer in all provinces and territories of Canada, when on November 6, 2020, the securities commission in all the provinces and territories of Canada issued a cease trade order as a result of Nemaska’s failure to file its audited financial statements and the MD&A for the year ended June 30, 2020, prohibiting any person from trading in any security of Nemaska except that Nemaska could implement the transaction under the CCAA and a beneficial holder who was not on November 6, 2020, a person participating in the control or an insider of Nemaska may sell securities at certain conditions.

You can vote for the election of all the nominees described above, vote for the election of some of them and withhold from voting for others, or withhold from voting for all of them.

Oversight and Description of Director and Named Executive Officer Compensation

The Governance and Compensation Committee of the Corporation has the responsibility to recommend to the Board of Directors a compensation policy consistent with the Corporation's business plan, strategies and objectives. The members of the Governance and Compensation Committee are Mr. Jacques Simoneau, President of the Committee, Mr. Jean-Charles Potvin and Mr. Michel Brunet.

Compensation Program Objectives

The general objective of the Corporation's compensation is to: (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (b) align management's interests with the long-term interests of shareholders; (c) provide a compensation package that is commensurate with other junior mining exploration companies in order to enable the Corporation to attract and retain talent; and (d) ensure that the total compensation package is designed in a manner that takes into account the constraints under which the Corporation operates by virtue of the fact that it is a junior mining exploration company without a history of earnings.

Purpose of the Compensation Program

The Board, as a whole, ensures that total compensation paid to all Named Executive Officers (NEO) is fair and reasonable and meets with the following long-term objectives:

- (a) produce long-term, positive results for the Corporation shareholders;
- (b) align executive compensation with corporate performance; and
- (c) provide market-competitive compensation and benefits that will enable the Corporation to recruit, retain and motivate the executive talent necessary to be successful.

The Board also relies on the experience of its members as officers and directors with other junior mining exploration companies in assessing compensation levels.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary and stock option incentives and, where circumstances warrant, annual cash bonuses.

Purpose of Each Element of the Executive Compensation Program

The base salary of a NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to NEOs on an annual basis. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Corporation's performance and in the value of the shareholders' investments.

The payment, from time to time, of annual cash bonuses is a short-term incentive for the NEOs of the Corporation and is intended to stimulate the achievement of performance objectives by each NEO. Compensation in the form of bonuses is a common practice for public companies. The payment of a bonus is a good way to remain competitive with other mining companies that pay similar compensation. Competition for high-level senior executives in the mining sector is strong, making it necessary, where appropriate, to provide bonus compensation.

In determining compensation matters, the Board may consider a number of factors, including the Corporation’s performance, the awards given in past years and other factors it considers relevant. The current overall objectives of the Corporation’s compensation strategy is to reward management for their efforts, while conserving cash where advisable, given market conditions and current exploration and development plans. The Corporation has not currently set any objective criteria with respect to stock options grant and bonuses which may be awarded to NEO in the future and will instead rely upon any recommendations and discussion at the Board level, among the independent directors, with respect to the above-noted considerations, and any other matters which the Board may consider relevant on a going-forward basis, including the cash position of the Corporation.

Determination of the Amount of Each Element of the Executive Compensation Program

Governance and Compensation Committee

Compensation of the NEOs of the Corporation, other than the CEO, is reviewed annually by the CEO, who makes recommendations to the Governance and Compensation Committee. The Governance and Compensation Committee reviews the recommendations of the CEO and makes its own recommendations to the Board, which approves the compensation of the NEOs based on the recommendations of the Governance and Compensation Committee. Compensation for the CEO is reviewed annually by the Governance and Compensation Committee, which then makes recommendations to the Board. The Board approves the base salary of each NEO based on the recommendations of the Governance and Compensation Committee.

Base Salary and Bonuses

The base salary and, as the case may be, bonuses review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary and bonuses not evaluated against a formal “peer group”. The Governance and Compensation Committee relies on the general experience of its members in setting base salary and bonuses amounts.

Stock Options

The Corporation has established a formal plan under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value. The Board determines which NEOs (and other persons) are entitled to participate in the Plan, determines the number of options granted to such individuals and determines the date on which each option is granted and the corresponding exercise price. For more details regarding the Stock Option Plan, please refer to “Stock Option Plan and Other Incentive Plans”.

The Board makes these determinations subject to the provisions of the existing stock option plan and, where applicable, the policies of the TSX Venture Exchange.

CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 Corporate Governance Guidelines and National Instrument 58-101 Disclosure of Corporate Governance Practices set out a series of guidelines for effective corporate governance. The guidelines address matters such as the composition and independence

of corporate boards, the functions to be performed by boards and their committees, and the effectiveness and education of board members. Each reporting issuer, such as the Corporation, must disclose on an annual basis and in prescribed form, the corporate governance practices that it has adopted. The following is the Corporation’s required annual disclosure of its corporate governance practices.

Board of Directors

1. Independent Directors

The independent directors of the Corporation are Mr. Jean-Charles Potvin, Mr. Jacques Simoneau, Mr. Michel Brunet, Mr. Glenn J. Mullan, Ms. Christiane Bergevin and Ms. Vanessa Laplante.

Mr. Jean-Charles Potvin and Mr. Jacques Simoneau have been directors of the Corporation for more than 12 years. As of the date hereof, Mr. Potvin and Mr. Simoneau hold, respectively, only approximately 1.36% and 0.47% of the issued and outstanding common shares of the Corporation. During the last 12 years, Mr. Potvin and Mr. Simoneau have not had any direct or indirect personal or professional relationship with the Corporation and its officers that could influence their judgment and lead to decisions that would not be in the best interests of the Corporation. Furthermore, given the terms of office of the other members of the Board (Mr. Michel Brunet, since April 2018, Mr. Glenn J. Mullan, since February 2020, Ms. Christiane Bergevin since August 2022 and Ms. Vanessa Laplante since February 2024), the Corporation believes that there is currently a good balance between preserving institutional memory and bringing in new points of view. For all of the foregoing reasons, the Corporation believes that Mr. Jean-Charles Potvin and Mr. Jacques Simoneau are currently independent of the Corporation pursuant to securities regulations and the requirements of the TSXV.

2. Non-Independent Directors

The only non-independent director of the Corporation is Mr. Jean-Marc Lulin in light of his position as President and CEO and his involvement in the day-to-day operations of the Corporation.

3. Chair of the Board

Mr. Glenn J. Mullan was appointed Chair of the Board in January 2022 and is an independent director. The Chair is responsible for, among other things, chairing all meetings of the Board in a manner that promotes meaningful discussion, providing leadership to enhance the Board’s effectiveness, acting as a liaison between the Board and management and at the request of the Board, representing the Corporation to external groups, including shareholders, community groups and government.

4. Diversity

The Corporation is committed to diversity among its Board of Directors. In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation’s success. By bringing together men and women from diverse backgrounds and giving each person the opportunity to contribute their skills, experience and perspectives in an inclusive workplace, the Corporation believes that it is better able to develop solutions to challenges and deliver sustainable value for the Corporation and its stakeholders. The Corporation considers diversity to be an important attribute of a well-functioning Board, which will assist the Corporation to achieve its long-term goals.

The Corporation is committed to increasing the proportion of women on its Board of Directors in the coming years and will also consider factors such as cultural diversity in addition to expertise and skillsets required as per its board matrix. To achieve this goal, the Governance and Nominating Committee intends to do the following: (a) maintain an ongoing list of potential candidates for election to the Board of Directors; (b) periodically assess the effectiveness of the nomination process in meeting the Corporation’s diversity objectives; and (c) review the level of representation of women on the Board and ensure that women are included in the short list of candidates being considered for Board position.

Majority Vote

A nominee who fails to receive the affirmative vote of at least a majority of the votes cast at the shareholders’ meeting must promptly tender his or her resignation to the Governance and Compensation Committee and the Board. The Governance and Compensation Committee shall consider such resignation and make a recommendation to the Board.

The Corporation does not currently have a formal orientation program for new directors. The Board has not at this time taken any measures to provide continuing education for the directors. However, the directors of the Corporation are encouraged to attend, at the Corporation's expense, any seminar given by the TSX Venture Exchange or the Canadian Securities Administrators relating to the management of a public company or relating to their responsibilities as a director of a public company. Relevant information, particularly that relating to the mining sector, capital markets and the management of public companies, is shared among directors. Furthermore, the directors are given access to the Corporation's legal advisors for any questions they may have relating to such responsibilities. In addition, following the nomination of a new director, it is given to the new director reports and other documents relating to the Corporation and a meeting of the Board of directors is called in order to present the new director to the other members of the Board and to present the different aspects of the Corporation to the new director for said new director to be up-to-date with the Corporation's action plan, its policies and ongoing files.

Ethical Business Conduct

The Corporation has rules of corporate governance and takes steps to ensure that directors do not trade on the securities of the Corporation when the communication of important information is imminent.

Nomination of Directors

To ensure sound corporate governance, the Governance and Compensation Committee is guided by the following principles in recommending candidates to the Board of Directors: (a) ensuring that the Board of Directors of the Corporation is composed of directors who possess extensive knowledge, skills and competencies, diverse points of view, and relevant expertise, enabling them to make an active, informed and positive contribution to the management of the Corporation, the conduct of its business and the orientation of its development; (b) seeking a balance in terms of the knowledge and competencies of directors to ensure that the Board of Directors can fulfil its role in all respects; and (c) to the extent practicable, seeking directors who represent different genders, ages, cultural communities, geographic areas and other characteristics of the communities in which the Corporation conducts its business.

During the summer of 2022, the Corporation developed a process for selecting candidates for the Board of Directors. In an effort to balance the benefits of experience with the need for new perspectives, the approach chosen is to maintain an appropriate degree of continuity while preparing for a smooth transition of roles and responsibilities. As potential candidates are identified, the Corporation considers possible selection criteria, which are reviewed periodically based on the needs of the Board.

In particular, the Corporation has developed an analysis matrix. The Governance and Compensation Committee, in consultation with the directors, regularly reviews the skills that the Board members should possess as well as the areas of expertise, background and independence of the candidates for election or re-election as Board members. In addition, in the event of a vacancy, the qualifications of the nominees are reviewed and, for those who are already directors of the Corporation, their effectiveness and performance as board members are reassessed annually.

Compensation

The Governance and Compensation Committee is comprised of Mr. Jacques Simoneau, Chair, Mr. Jean-Charles Potvin and Mr. Michel Brunet.

The committee has the general mandate to (a) consider and assess all issues that may affect the Corporation in the areas of corporate governance and compensation generally; (b) recommend actions or measures to the Board to be taken in connection with these two (2) activities; and (c) monitor the implementation and administration of such actions or measures, or of corporate policies and guidelines adopted by regulatory authorities or the Board with respect to said two (2) activities.

Other Board Committees

The audit committee is comprised of Mr. Jean-Charles Potvin, Chair, Mr. Jacques Simoneau, Ms. Christiane Bergevin and Ms. Vanessa Laplante.

Assessments

The Board regularly reviews its committees and individual directors; individual directors are also encouraged to give feedback regarding the effectiveness of the Board as a whole.

APPOINTMENT OF AUDITORS AND AUTHORIZATION GIVEN TO THE BOARD OF DIRECTORS TO FIX THE REMUNERATION OF THE AUDITORS

The auditors of the Corporation are PricewaterhouseCoopers LLP/s.r.l./s.e.n.c.r.l. The management proposes that PricewaterhouseCoopers LLP/s.r.l./s.e.n.c.r.l., be appointed as auditors of the Corporation for the financial year ending August 31, 2025, and that the Board be authorized to fix the remuneration of the auditors.
